SOLAR POWER SYSTEM MAINTENANCE AND BASIC TROUBLESHOOTING

**TRAINING DESIGN AND COPY OF
PROGRAM**

COLLEGE RESEARCH AND EXTENSION OFFICE

Project Title: RESOURCE SUPPORT DEVELOPMENT UNDER PAGGURUFUNAN PARA TA PROGRESO

Location: BASAO GATTARAN CAGAYAN

**Proponent: ELECTRICAL ENGINEERING DEPARTMENT
 ELECTRONICS ENGINEERING DEPARTMENT
 COMPUTER ENGINEERING DEPARTMENT**

Rationale:

The Cagayan State University being one of the state universities of the Philippines continues to fulfill its mandate by achieving excellence in instruction, conduct of various researches, and involvement in community empowerment through various research-based extension programs. The College of Engineering and Architecture is one of the largest colleges in its Carig Campus in terms of faculty and student population. Throughout the years, the College has launched various extension activities which aims to help Cagayano communities to become resilient and help them attain sustainability.

The CSU Carig Campus through the leadership of Engr. Arthur G. Ibanez has launched the extension program entitled “Paggurufunan para ta Progreso”. One of the objectives of this extension program is to provide assistance to the Agta Community in Sitio Burayoc, Barangay Basao, Gattaran Cagayan. This extension program is subdivided into three project components namely;

1. Techno-Demo on Food and Non-food products for livelihood;
2. Development of IEC materials;
3. Resource Support Development.

The College of Engineering and Architecture is assigned to the Resource Support Development project wherein under this project, the college is expected to perform the following;

1. Installation Solar Power System;
2. Establishment of Small Water Impounding and Irrigation System;
3. Establishment of potable water supply.

The aforementioned extension program has been awarded with 650,000 budget by the CSU central administration.

The Agta Community of Basao Gattaran is located on the mountainous area approximately 3 kilometers from the nearest community center (barangay hall). Due to its location, there is no on-grid electricity available in the area including source of safe potable water.

As part of the Memorandum of Agreement (MOA) signed under the Paggurufunan para ta Progreso Extension program of the Cagayan State University-Carig Campus, a solar power system was installed in the community that will cater seventeen (17) households.

No greenhouse gas emissions are released into the atmosphere when using solar panels to create electricity. And because the sun provides more energy than the community ever need, electricity from solar power is a very important energy source in the move to clean energy production.

COLLEGE RESEARCH AND EXTENSION OFFICE

Objectives:

Generally, the training aims to provide orientation and to train the residents and some barangay officials regarding Operation and Maintenance of Solar Photovoltaic System and Basic Troubleshooting.

Specifically, the training should be able to:

1. Disseminate information among residents and officials of the community on how to maintain the efficient operation of the installed solar panels.
2. Discuss Do's and Don'ts in cleaning solar panels.
3. Discuss guides in basic troubleshooting
4. Discuss the step-by-step procedures in cleaning the panels

Methodology:

The aim of this project is to conduct training. Participants will be the residents and the officials of the barangay basao. Prior to the training proper, interview for the profile of the participants and facilitation of attendance will be conducted.

Training will include two different topics; Topic No.1: Installation and Operation of Solar Photovoltaic System and Topic No.2: Maintenance of Solar Photovoltaic System. The first topic will be an orientation regarding what is a Solar Photovoltaic System is. Installation of solar panels and its operation will be discussed and how it will benefit their community. The second topic will be about the maintenance they need to consider while using the installed solar panels.

Standard training sessions will be conducted using variety of training methods and techniques such as slides presentations, group discussion, cooperative learning, and group dynamics and team building. Lecture-discussion type of training will be conducted for each topic. There will be open forum after every lecture. Participants will also conduct an evaluation on the training after the training.

Training Activities:

Topic	Contents	Time Allotment	Training Requirements from participants
Training No. 1: Installation and Operation of Solar PV System	a. Solar Energy b. Why solar? c. Solar PV System d. Advantages of Solar PV System e. Principles of Solar PV System f. How does Solar PV System works?	3 hours	Attendance Evaluation

Narrative Report

Solar Power System Operation and Maintenance and Basic Troubleshooting

Basao Gattaran Cagayan

December 2, 2022

The Cagayan State University being one of the state universities of the Philippines continues to fulfill its mandate by achieving excellence in instruction, conduct of various researches, and involvement in community empowerment through various research-based extension programs. The College of Engineering and Architecture is one of the largest colleges in its Carig Campus in terms of faculty and student population. Throughout the years, the College has launched various extension activities which aims to help Cagayano communities to become resilient and help them attain sustainability.

The CSU Carig Campus through the leadership of Engr. Arthur G. Ibanez has launched the extension program entitled “Paggurufunan para ta Progreso”. One of the objectives of this extension program is to provide assistance to the Agta Community in Sitio Burayoc, Barangay Basao, Gattaran Cagayan. This extension program is subdivided into three project components namely;

1. Techno-Demo on Food and Non-food products for livelihood;
2. Development of IEC materials;
3. Resource Support Development.

In 2021, three Solar Panels and Charge Controllers were installed in the community catering seventeen (17) households. The installed panels need maintenance every after three months however, due to the location of the area, faculty extensionists cannot travel immediately and conduct maintenance or necessary repairs when system fails. This is why the college decided to conduct a training on basic troubleshooting to teach/train the residents and barangay officials to maintain and do basic repairs.

The training proper was conducted right after the site evaluation. The topic was discussed by Engr. Luke Mark Rivera, a faculty member of the Electrical Engineering Department. It was discussed or delivered in Ilokano since the beneficiaries are more familiar with the Ilokano dialect.

After the discussion, the attendees are then required to evaluate the activity.

SUMMARY OF EVALUATION RESULTS AND PARTICIPANTS' PROFILE

COLLEGE RESEARCH AND EXTENSION OFFICE

Project Title: **RESOURCE SUPPORT DEVELOPMENT UNDER THE PAGGURUFUNAN PARA TA PROGRESO**

Location: **SITIO BURAYOC, BRGY. BASAO GATTARAN CAGAYAN**

Proponent: **ELECTRICAL, COMPUTER AND ELECTRONICS DEPARTMENT**

Summary of Evaluation

The training on **SOLAR POWER SYSTEM MAINTENANCE AND BASIC TROUBLESHOOTING** was conducted on December 2, 2022 in Sitio Burayoc, Brgy. Basao, Gattaran Cagayan.

The main objective of this seminar is to equip the participants with knowledge regarding maintenance and repair including the procedures on basic troubleshooting of installed solar panels. This activity was participated by 40 residents of the Agta Community including barangay officials of barangay Basao Gattaran Cagayan.

The aforementioned training was rated based on the following; the item course content and training schedule, there were four statements given which were rated by the participants as **OUTSTANDING** and the weighted mean for these items were also **OUTSTANDING**. Thus, this indicates that the course content was very important and the training was very timely and the time allotted was just enough for the training.

Under the item timeliness, the participants rated **OUTSTANDING**. Their concerns and issues related to the lecture was also addressed by the speakers.

The speaker's performance was also rated **OUTSTANDING** based on the evaluation instrument.

To summarize the Evaluation, the over-all weighted mean is 5 or **OUTSTANDING**. Thus, this implies the training conducted was very beneficial and timely to the participants.

TRAINING EVALUATION FORM
(Community-Based)

This form is designed to draw out your reaction/perception after attending the training.
Please answer TRUTHFULLY all items by using the scale below:

5 - Outstanding 4 - Very Satisfactory 3 - Satisfactory 2 - Good 1 - Poor

Title of Training/Seminar: SEMINAR ON SOLIDWASTE MANAGEMENT AND VERMI COMPOSTING, SOLAR POWER SYSTEM MAINTENANCE AND TROUBLESHOOTING, CSU VMGO AWARENESS, POTABLE WATER SUPPLY MAINTENANCE PART 2

Date: DECEMBER 3, 2022

A. Course Content

1. The training is very relevant to present needs of the community and the country as a whole. 1 2 3 4 5
2. The topics/workshop gave me new insights/ideas about how I should do my work. 1 2 3 4 5
3. The topics/workshop gave me new skills that will improve my efficiency/productivity. 1 2 3 4 5
4. The topics/workshop will enhance my dealings with the members of my community. 1 2 3 4 5

B. Training Schedule

1. The sessions started and ended according to the set schedule. 1 2 3 4 5
2. The schedule for the training was conducive to learning. 1 2 3 4 5
3. The time allotted for the topic was sufficient to ensure maximum learning. 1 2 3 4 5
4. The time allotted for breaks was sufficient. 1 2 3 4 5

C. Timeliness

1. The topics discussed gave solutions to my present concerns related to my work/enterprise/project. 1 2 3 4 5

TRAINING EVALUATION FORM
(Community-Based)

This form is designed to draw out your reaction/perception after attending the training.
Please answer TRUTHFULLY all items by using the scale below:

5 - Outstanding

4 - Very Satisfactory

3 - Satisfactory

2 - Good 1 - Poor

Title of
Training/Seminar:

SEMINAR ON SOLIDWASTE MANAGEMENT AND VERMI COMPOSTING, SOLAR POWER
SYSTEM MAINTENANCE AND TROUBLESHOOTING, CSU VMGO AWARENESS, POTABLE
WATER SUPPLY MAINTENANCE PART 2

Date

DECEMBER 3, 2022

A. Course Content

1. The training is very relevant to present needs of the community and the country as a whole. 1 2 3 4 5
2. The topics/workshop gave me new insights/ideas about how I should do my work. 1 2 3 4 5
3. The topics/workshop gave me new skills that will improve my efficiency/productivity. 1 2 3 4 5
4. The topics/workshop will enhance my dealings with the members of my community. 1 2 3 4 5

B. Training Schedule

1. The sessions started and ended according to the set schedule. 1 2 3 4 5
2. The schedule for the training was conducive to learning. 1 2 3 4 5
3. The time allotted for the topic was sufficient to ensure maximum learning. 1 2 3 4 5
4. The time allotted for breaks was sufficient. 1 2 3 4 5

C. Timeliness

1. The topics discussed gave solutions to my present concerns related to my work/enterprise/project. 1 2 3 4 5

D. Resource Speakers

E. Resource Persons/ Speakers	Speaker: 1					Speaker: 2					Speaker: 3					Speaker: 4					Speaker: 5				
	1	2	3	4	5	1	2	3	4	5	1	2	3	4	5	1	2	3	4	5	1	2	3	4	5
1. The resource persons showed mastery of the subject matter.				/					/				/					/					/		
2. The resource persons spoke clearly.				/				/					/					/					/		
3. The resource persons presented the topics in an organized manner.				/				/					/					/					/		
4. The resource persons exhibited the enthusiasm in delivering their lecture.			/					/					/					/					/

TRAINING EVALUATION FORM
(Community-Based)

This form is designed to draw out your reaction/perception after attending the training.
Please answer TRUTHFULLY all items by using the scale below:

5 - Outstanding 4 - Very Satisfactory 3 - Satisfactory 2 - Good 1 - Poor

**Title of
Training/Seminar:**

SEMINAR ON SOLIDWASTE MANAGEMENT AND VERMI COMPOSTING, SOLAR POWER
SYSTEM MAINTENANCE AND TROUBLESHOOTING, CSU VMGO AWARENESS, POTABLE
WATER SUPPLY MAINTENANCE PART 2

Date

DECEMBER 2022

A. Course Content

1. The training is very relevant to present needs of the community and the country as a whole. 1 2 3 4 5
2. The topics/workshop gave me new insights/ideas about how I should do my work. 1 2 3 4 5
3. The topics/workshop gave me new skills that will improve my efficiency/productivity. 1 2 3 4 5
4. The topics/workshop will enhance my dealings with the members of my community. 1 2 3 4 5

B. Training Schedule

1. The sessions started and ended according to the set schedule. 1 2 3 4 5
2. The schedule for the training was conducive to learning. 1 2 3 4 5
3. The time allotted for the topic was sufficient to ensure maximum learning. 1 2 3 4 5
4. The time allotted for breaks was sufficient. 1 2 3 4 5

C. Timeliness

1. The topics discussed gave solutions to my present concerns related to my work/enterprise/project. 1 2 3 4 5

D. Resource Speakers

E. Resource Persons/ Speakers	Speaker: 1					Speaker: 2					Speaker: 3					Speaker: 4					Speaker: 5				
	1	2	3	4	5	1	2	3	4	5	1	2	3	4	5	1	2	3	4	5	1	2	3	4	5
1. The resource persons showed mastery of the subject matter.					/					/					/					/					/
2. The resource persons spoke clearly.					/					/					/					/					/
3. The resource persons presented the topics in an organized manner.					/					/					/					/					/
4. The resource persons exhibited the enthusiasm in delivering their lecture.					/					/					/					/					/
5. The resource persons used various methods to make the presentations interesting and lively.					/					/					/					/					/
6. The resource persons encouraged group participation.					/					/					/					/					/
